

Parker Racing Father's Day Idea's

Not sure what to get your Dad for fathers day this year? Why not grab a Parker Racing stubby holder for him, and one for yourself! At only \$8ea, it's great value and something a bit different.

They are designed to look like

mini drums of Nitromethane racing fuel. One colour only, metallic blue with white print. Can express post for \$5 to ensure you get it in time for Father's day. Please email your order to sparker@deakin.edu.au asap!

We also still have a limited supply of Parker Racing T-shirts and hoodies. T-shirts are still at the great price of \$20ea and hoodies are value at \$30ea. Sizes range from small up to XXL.

Limited supplies of T-shirts and Hoodies are currently in stock, however we will have fresh stock of all merchandise at the next two race meetings (Syd 12-14th and Qld 26-7th of September), so why not come on over to the Parker Racing Merchandise Marquee to pick up some great gear!
